State House - D3

INTRO2. Privacy & Technology

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE TWO QUESTIONS THAT FOLLOW

A recent study by the National Institute of Standards and Technology found that the majority of facial recognition technology programs exhibited disproportionate rates of error when analyzing the faces of women and people of color. In 2018, the ACLU tested Amazon's facial recognition technology software by running the photographs of sitting members of Congress against an arrest database. Twenty-eight false matches came

back, including those of six Congressional Black Caucus members. Multiple jurisdictions across the U.S. have instituted bans and/or moratoriums on government use of this technology.

Q1. Do you support legislation ending government use of facial recognition technology?

Yes No Prefer not to answer

Q1a. Please write any comments you might have in the box provided below.

As with any tool, it depends how it is used (or abused). There is a place for nearly everything.

Q2. Do you support legislation limiting private entities' use of facial recognition technology without the clear, written consent of the subject?

Yes No Prefer not to answer

Q2a. Please write any comments you might have in the box provided below.

The government loves to limit private freedoms in the name of protecting the innocent, when in reality it is simply another step on personal freedoms for the purpose of power projection.

INTRO3. Police Reform

PLEASE ANSWER THE FOLLOWING QUESTION

Q3. Do you support legislation establishing a uniform policy for law enforcement use of body cameras?

Yes No Prefer not to answer

Q3a. Please write any comments you might have in the box provided below.

Law enforcement transparency would go a long way to reforming the police department, just as legislative transparency would go a long way to reforming legislative processes. Unfortunately we all know how that is working out.

INTRO4. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Hawai'i law allows law enforcement to seize—and keep—personal property without ever charging the property owner with a crime. This is done through a process called civil asset forfeiture. The Legislature passed—and Governor Ige vetoed—a bill in 2019 reforming Hawaii's civil asset forfeiture law by prohibiting civil asset forfeiture except where the property owner had been convicted of a felony connected to that piece of property.

Q4. Do you support this reform?

Yes

No

Prefer not to answer

Q4a. Please write any comments you might have in the box provided below.

Taking personal property without due legal process and the opportunity for the defendant to speak up is not representative of a society free from the heavy hand of government.

INTRO5.

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Hawai'i law provides special protections for the disclosure of police disciplinary records.

Q5. Do you support legislation repealing such special protections and disclosing the disciplinary records of all law enforcement officers in Hawai'i?

Yes

No

Prefer not to answer

Q5a. Please write any comments you might have in the box provided below.

The more facts the people know, the better constructive change. Public ignorance is bliss for the police.

INTRO6.

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

The Legislature passed a law establishing a Law Enforcement Standards Board in 2018. To date, this board has met on two occasions and has not set any standards for law enforcement.

Q6. Do you support legislation to strengthen the board's independence, increase citizen oversight, set deadlines, and provide the board additional resources?

Yes

No

Prefer not to answer

Q6a. Please write any comments you might have in the box provided below.

If it is one thing the legislature is good at its kicking the can down the road with studies and boards.

INTRO7. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE THREE QUESTIONS THAT FOLLOW

Evidence shows that school suspensions and school-based arrests lead to further contacts with the juvenile justice system and adult criminal legal system, as well as higher dropout rates and lower academic performance. Currently, students are being suspended for up to 92 days—over half of the school year—for even smelling like cannabis.

Q7. Do you support further limiting the number of days that schools can suspend students?

Yes

No

Prefer not to answer

Q7a. Please write any comments you might have in the box provided below.

The limiting factor should be the parents, and their ability to transfer the student to a school of their choice through a voucher system.

Q8. Do you support ending the use of school resource officers (i.e., police officers permanently placed in certain schools)?

Yes

No

Prefer not to answer

Q8a. Please write any comments you might have in the box provided below.

Some situations may need it. Blanket banning is seldom a good idea.

Q9. Do you support eliminating status offenses for youth, such as truancy?

Yes

No

Prefer not to answer

Q9a. Please write any comments you might have in the box provided below.

Would have to know more about the issue to make a informed choice.

INTRO8. Economic Justice

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Only seventeen percent of workers nationwide have access through their employers to paid family leave to care for and/or bond with a new child, or to care for a sick or injured family member. The availability of paid family leave has been shown to increase workers' loyalty to employers, decrease employee turnover, and has been linked to decreased infant mortality rates and decreased reliance on public assistance. Eight states and Washington D.C. have passed laws that guarantee paid family leave to workers. In December 2019, Congress passed and President Trump signed the Federal Employee Paid Leave Act extending 12 weeks of paid parental leave to most federal employees.

Q10. Do you support legislation to guarantee 12 weeks of paid family leave to Hawaii's workers through the establishment of a social insurance program?

Yes

No

Prefer not to answer

Q10a. Please write any comments you might have in the box provided below.

Benefits should be up to the employer, not mandated by the government. If a person doesn't like the benefits offered by the employer, find a more compatible one.

INTRO9.

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Hawai'i law does not guarantee any paid, short-term sick leave to workers.

Q11. Do you support legislation to guarantee paid sick days to Hawaii's workers?

Yes

No

Prefer not to answer

Q11a. Please write any comments you might have in the box provided below.

Perks should be the power of the employer, not the government.

INTRO10.

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Half of Hawaii's families cannot afford to meet basic needs. A recent study found that four in ten adults do not have access to \$400 at any given time, making them one emergency—or court-ordered fine—away from financial ruin. Studies have found that scaling fines based on affordability increases the likelihood that fines will be paid in full and increases revenue.

Q12. Do you support legislation that would require courts to scale fines based on an individual's income?

Yes

No

Prefer not to answer

Q12a. Please write any comments you might have in the box provided below.

Actually I prefer payment through personal effort rather than fines.

INTRO11. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE TWO QUESTIONS THAT FOLLOW

State law punishes nonpayment of traffic and parking tickets by placing a “stopper” on a person’s driving or vehicle record that prevents them from renewing or obtaining a driver’s license or vehicle registration until they’ve paid the ticket in full, plus a 21% fee assessed by the state’s contracted, Texas-based collection agency. Those who cannot afford their ticket and therefore cannot renew their license may be forced to choose between driving without a valid license (a traffic crime punishable by up to a \$1,000 fine or up to one year in jail) and losing their job or taking their child to the doctor. In recent years, several jurisdictions have either moved away from or completely stopped suspending licenses for nonpayment of traffic and parking tickets. In Hawai’i, there are approximately 350,000 outstanding license and registration stoppers.

Q13. Do you support legislation that would end the use of “stoppers” for nonpayment of traffic and parking fines?

Yes No Prefer not to answer

Q13a. Please write any comments you might have in the box provided below.

It should be easier for a person to work out a payment schedule. The government is too heavy-handed and sometimes biased.

Q14. Would you support a traffic ticket amnesty program to ease the economic burden that traffic tickets place on the working class in Hawai’i?

Yes No Prefer not to answer

Q14a. Please write any comments you might have in the box provided below.

Can not support anything without knowing what it entails.

INTRO12. Criminal Law Reform

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE TWO QUESTIONS THAT FOLLOW

Under Hawai’i law, it is a felony to possess any amount of a drug that has been classified as dangerous, which is essentially every drug except cannabis. Even the possession of small amounts is punishable by up to five years in prison and a \$10,000 fine.

Q15. Do you support legislation decriminalizing possession of small amounts of dangerous drugs, and reinvesting the savings in effective, community-based drug treatment?

Yes

No

Prefer not to answer

Q15a. Please write any comments you might have in the box provided below.

I support the decriminalization of most drugs, no matter the amount.

Q16. Do you think substance use should be treated as a matter of public health?

Yes

No

Prefer not to answer

Q16a. Please write any comments you might have in the box provided below.

Because it is.

INTRO13. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Prosecutors are possibly the most influential player in the criminal legal system, yet there is little publicly-available information about how prosecutorial decisions are made.

Q17. Do you support legislation to promote transparency in county prosecutors' offices by requiring increased data tracking and disclosure?

Yes

No

Prefer not to answer

Q17a. Please write any comments you might have in the box provided below.

But it depends on what that means.

INTRO14. PLEASE ANSWER THE FOLLOWING THREE QUESTIONS

Q18. Do you support increasing funding for re-entry services for those who are released from incarceration?

Yes

No

Prefer not to answer

Q18a. Please write any comments you might have in the box provided below.

The prison system should shift its focus from incarceration to rehabilitation.

Q19. Do you support measures to decrease barriers to employment for formerly incarcerated individuals?

Yes

No

Prefer not to answer

Q19a. Please write any comments you might have in the box provided below.

The prison system should shift its focus from incarceration to rehabilitation.

Q20. Do you believe that Hawaii's criminal legal system is working?

Yes

No

Prefer not to answer

Q20a. Please write any comments you might have in the box provided below.

The prison system should shift its focus from incarceration to rehabilitation.

INTRO15. Houselessness

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE THREE QUESTIONS THAT FOLLOW

Hawai'i has one of the highest houselessness rates in the country. The number of unsheltered people has exploded in the past decade even though we have had low unemployment and a relatively strong economy. With COVID-19's harm to the Hawai'i economy, the number of people experiencing houselessness is likely to grow.

Q21.

What do you believe is working and is not working about Hawaii's approach to houselessness?

Please explain your thinking in the space below.

The majority of homeless people have mental issues that must be addressed. They need to work to increase their feeling of self worth. They need to be able to invest in their housing rather than just have it given to them. If you have no skin in the game you care more.

Q22.

Do you support legislation establishing a homeless bill of rights?

Yes

No

Prefer not to answer

Q22a. Please write any comments you might have in the box provided below.

We already have a bill of rights that applies to everyone.

Q23.

How do you plan to address houselessness in Hawai'i in the short, medium, and long term?

Please explain your thinking in the space below.

The majority of homeless people have mental issues that must be addressed. They need to work to increase their feeling of self worth. They need to be able to invest in their housing rather than just have it given to them. If you have no skin in the game you care more.
