INTRO2. Privacy & Technology

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE TWO QUESTIONS THAT FOLLOW

A recent study by the National Institute of Standards and Technology found that the majority of facial recognition technology programs exhibited disproportionate rates of error when analyzing the faces of women and people of color. In 2018, the ACLU tested Amazon's facial recognition technology software by running the photographs of sitting members of Congress against an arrest database. Twenty-eight false matches came

back, including those of six Congressional Black Caucus members. Multiple jurisdictions across the U.S. have instituted bans and/or moratoriums on government use of this technology.

Q1. Do you support legislation ending government use of facial recognition technology?

Yes

No

Prefer not to answer

Q1a. Please write any comments you might have in the box provided below.

The use of technology in all aspects of our daily lives has been in my view beneficial but accuracy must be significantly improved in facial recognition technology before being deployed.

Q2. Do you support legislation limiting private entities' use of facial recognition technology without the clear, written consent of the subject?

Yes

No

Prefer not to answer

Q2a. Please write any comments you might have in the box provided below.

The use of such technology must be improved and full disclosure must be made regarding the purpose and use of such technology after first vetting through the legislative process for acceptable uses of such technology in the private sector.

PLEASE ANSWER THE FOLLOWING QUESTION

Q3. Do you support legislation establishing a uniform policy for law enforcement use of body cameras?

Yes

No

Q3a. Please write any comments you might have in the box provided below.

INTRO4. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Hawai'i law allows law enforcement to seize—and keep—personal property without ever charging the property owner with a crime. This is done through a process called civil asset forfeiture. The Legislature passed—and Governor Ige vetoed—a bill in 2019 reforming Hawaii's civil asset forfeiture law by prohibiting civil asset forfeiture except where the property owner had been convicted of a felony connected to that piece of property.

Q4. Do you support this reform?

- Yes No Prefer not to answer

Q4a. Please write any comments you might have in the box provided below.

INTRO5. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Hawai'i law provides special protections for the disclosure of police disciplinary records.

Q5. Do you support legislation repealing such special protections and disclosing the disciplinary records of all law enforcement officers in Hawai'i?

- Yes No Prefer not to answer

Q5a. Please write any comments you might have in the box provided below.

INTRO6.

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

The Legislature passed a law establishing a Law Enforcement Standards Board in 2018. To date, this board has met on two occasions and has not set any standards for law enforcement.

Q6. Do you support legislation to strengthen the board's independence, increase citizen oversight, set deadlines, and provide the board additional resources?

Yes

No

Q6a. Please write any comments you might have in the box provided below.

INTRO7. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE THREE QUESTIONS THAT FOLLOW

Evidence shows that school suspensions and school-based arrests lead to further contacts with the juvenile justice system and adult criminal legal system, as well as higher dropout rates and lower academic performance. Currently, students are being suspended for up to 92 days—over half of the school year—for even smelling like cannabis.

Q7. Do you support further limiting the number of days that schools can suspend students?

Q9a. Please write any comments you might have in the box provided below.

INTRO8. Economic Justice

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Only seventeen percent of workers nationwide have access through their employers to paid family leave to care for and/or bond with a new child, or to care for a sick or injured family member. The availability of paid family leave has been shown to increase workers' loyalty to employers, decrease employee turnover, and has been linked to decreased infant mortality rates and decreased reliance on public assistance. Eight states and Washington D.C. have passed laws that guarantee paid family leave to workers. In December 2019, Congress passed and President Trump signed the Federal Employee Paid Leave Act extending 12 weeks of paid parental leave to most federal employees.

Q10. Do you support legislation to guarantee 12 weeks of paid family leave to Hawaii's workers through the establishment of a social insurance program?

Yes

No

Prefer not to answer

Q10a. Please write any comments you might have in the box provided below.

Further analysis is needed regarding the costs of such program as the State and City face significant budget challenges including possible layoffs of public employees due to the COVID-19 pandemic. Further, we should also be cognizant of the impact to business especially small business if the cost of this program will be partially or fully funded by the private sector. Impacts to individuals by having them partially fund this program should also be carefully evaluated for any proposals requiring contributions from our taxpayers.

INTRO9.

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Hawai'i law does not guarantee any paid, short-term sick leave to workers.

Q11. Do you support legislation to guarantee paid sick days to Hawaii's workers?

Yes

No

Q11a. Please write any comments you might have in the box provided below.

INTRO10.

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Half of Hawaii's families cannot afford to meet basic needs. A recent study found that four in ten adults do not have access to \$400 at any given time, making them one emergency—or court-ordered fine—away from financial ruin. Studies have found that scaling fines based on affordability increases the likelihood that fines will be paid in full and increases revenue.

Q12. Do you support legislation that would require courts to scale fines based on an individual's income?

Yes

No

Prefer not to answer

Q12a. Please write any comments you might have in the box provided below.

No objection as long as the fine still includes the severity of the crime along with the individual's income.

INTRO11. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE TWO QUESTIONS THAT FOLLOW

State law punishes nonpayment of traffic and parking tickets by placing a “stopper” on a person’s driving or vehicle record that prevents them from renewing or obtaining a driver’s license or vehicle registration until they’ve paid the ticket in full, plus a 21% fee assessed by the state’s contracted, Texas-based collection agency. Those who cannot afford their ticket and therefore cannot renew their license may be forced to choose between driving without a valid license (a traffic crime punishable by up to a \$1,000 fine or up to one year in jail) and losing their job or taking their child to the doctor. In recent years, several jurisdictions have either moved away from or completely stopped suspending licenses for nonpayment of traffic and parking tickets. In Hawai’i, there are approximately 350,000 outstanding license and registration stoppers.

Q13. Do you support legislation that would end the use of “stoppers” for nonpayment of traffic and parking fines?

- Yes No Prefer not to answer
-

Q13a. Please write any comments you might have in the box provided below.

Q14. Would you support a traffic ticket amnesty program to ease the economic burden that traffic tickets place on the working class in Hawai’i?

- Yes No Prefer not to answer

Q14a. Please write any comments you might have in the box provided below.

INTRO12. Criminal Law Reform

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE TWO QUESTIONS THAT FOLLOW

Under Hawai’i law, it is a felony to possess any amount of a drug that has been classified as dangerous, which is essentially every drug except cannabis. Even the possession of small amounts is punishable by up to five years in prison and a \$10,000 fine.

Q15. Do you support legislation decriminalizing possession of small amounts of dangerous drugs, and reinvesting the savings in effective, community-based drug treatment?

Yes

No

Prefer not to answer

Q15a. Please write any comments you might have in the box provided below.

Q16. Do you think substance use should be treated as a matter of public health?

INTRO15. Houselessness

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE THREE QUESTIONS THAT FOLLOW

Hawai'i has one of the highest houselessness rates in the country. The number of unsheltered people has exploded in the past decade even though we have had low unemployment and a relatively strong economy. With COVID-19's harm to the Hawai'i economy, the number of people experiencing houselessness is likely to grow.

Q21.

What do you believe is working and is not working about Hawaii's approach to houselessness?

Please explain your thinking in the space below.

I believe the first priority as you identified the COVID-19 damage is to devote our now limited financial resources to preventing the growth in homelessness that you believe will occur. Accordingly, our efforts should be directed towards ensuring that we balance our state budget while also avoiding the potential for cuts in salaries that the Governor has disclosed as an option to make up for the projected shortfall in the state budget. We should also ensure that unemployment benefits are in place including extensions for as long as possible. Unemployment benefits is critical during this time as many employees may not be covered by health insurance or are now solely responsible for the costs of insurance after being laid off by their employers.

Q22.

Do you support legislation establishing a homeless bill of rights?

Yes

No

Prefer not to answer

Q22a. Please write any comments you might have in the box provided below.

Q23.

How do you plan to address houselessness in Hawai'i in the short, medium, and long term?

Please explain your thinking in the space below.

As described in a response to a previous question, the first priority is to devote our now limited financial resources to preventing the growth in homelessness. Accordingly, our efforts should be directed towards ensuring that we balance our state budget while also avoiding the potential for cuts in salaries that the Governor has disclosed as an option to make up for the projected shortfall in the state budget. We should also ensure that unemployment benefits are in place including extensions for as long as possible. Unemployment benefits is critical during this time as many employees may not be covered by health insurance or they be now solely responsible for the costs of insurance after being laid off by their employers. Unfortunately, I believe this focus will also apply to the medium term as I believe the full recovery in our economy is a multiple year effort as I do not believe we should expect a quick recovery in our tourism industry after the Governor and Mayors announce a lifting of trans Pacific travel restrictions. Accordingly, we must focus on managing the homelessness problem in the medium term by limiting the growth due to economic reasons which will potentially add significant costs to continue, if necessary, our unemployment insurance program. We may also need to consider some form of medical insurance program at rates affordable to the unemployed to ensure homelessness is not caused due to the unemployed being unable to afford coverage as they no longer have at least a portion of the cost for family coverage paid for by their former employers. In the long term, I believe key issues to address that affects not only the homeless is the lack of affordable housing and the high cost of living in our state of which the high cost of housing is a major component of the cost of living.
