Aloha,

You are receiving this candidate questionnaire because you are a candidate for the Hawai‘i State House or State Senate in the 2020 election.

The purpose of this questionnaire is to gather information on candidates’ positions on important civil rights and civil liberties policy issues that affect the lives of Hawai‘i residents. This questionnaire was sent to every candidate running for Hawai‘i State House and State Senate in the 2020 election. By responding to this questionnaire, you give permission for your responses to be made available to the public.

Responses will be published on ACLU of Hawaii’s website, acluhi.org, sometime after June 18, 2020. Your responses will be published exactly as you write them and while formatting of the questionnaire may change when published to the website, the substance of both the questions and your responses will not be altered in any way. Candidates will not have the opportunity to make changes to their responses once submitted.

Questions are organized by topic. For most questions, candidates should provide a response to the question by selecting YES, NO, or PREFER NOT TO ANSWER. Candidates then have the option of elaborating on their position in the text box below each question. The questionnaire is extended to Monday, June 29, 2020. No responses will be recorded after June 18. In publishing the results of this questionnaire, the ACLU of Hawai‘i will note if a candidate did not respond to the questionnaire.

The intent of this questionnaire is for the sole purpose of producing and disseminating informational or educational communications and is not intended to influence the outcome of an election, question, or issue on a ballot.

The American Civil Liberties Union of Hawai‘i is a 501(c)(4) nonprofit, nonpartisan organization. We do not support or oppose candidates for elected office. The mission of the ACLU of Hawai‘i is to protect the fundamental freedoms enshrined in the U.S. and state constitutions.

INTRO2. Privacy & Technology
PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE TWO QUESTIONS THAT FOLLOW

A recent study by the National Institute of Standards and Technology found that the majority of facial recognition technology programs exhibited disproportionate rates of error when analyzing the faces of women and people of color. In 2018, the ACLU tested Amazon’s facial recognition technology software by running the photographs of sitting members of Congress against an arrest database. Twenty-eight false matches came
back, including those of six Congressional Black Caucus members. Multiple jurisdictions across the U.S. have instituted bans and/or moratoriums on government use of this technology.

**Q1. Do you support legislation ending government use of facial recognition technology?**

- Yes
- No
- Prefer not to answer

**Q1a.** Please write any comments you might have in the box provided below.

**Q2. Do you support legislation limiting private entities' use of facial recognition technology without the clear, written consent of the subject?**

- Yes
- No
- Prefer not to answer

**Q3a.** Please write any comments you might have in the box provided below.
Hawai‘i law allows law enforcement to seize—and keep—personal property without ever charging the property owner with a crime. This is done through a process called civil asset forfeiture. The Legislature passed—and Governor Ige vetoed—a bill in 2019 reforming Hawaii’s civil asset forfeiture law by prohibiting civil asset forfeiture except where the property owner had been convicted of a felony connected to that piece of property.

Q4. Do you support this reform?

Yes [ ] No [ ] Prefer not to answer [ ]

Q4a. Please write any comments you might have in the box provided below.

Hawai‘i law provides special protections for the disclosure of police disciplinary records.

Q5. Do you support legislation repealing such special protections and disclosing the disciplinary records of all law enforcement officers in Hawai‘i?

Yes [ ] No [ ] Prefer not to answer [ ]

Q5a. Please write any comments you might have in the box provided below.
The Legislature passed a law establishing a Law Enforcement Standards Board in 2018. To date, this board has met on two occasions and has not set any standards for law enforcement.

Q6. Do you support legislation to strengthen the board's independence, increase citizen oversight, set deadlines, and provide the board additional resources?

Yes  
No  
Prefer not to answer

Q6a. Please write any comments you might have in the box provided below.

Evidence shows that school suspensions and school-based arrests lead to further contacts with the juvenile justice system and adult criminal legal system, as well as higher dropout rates and lower academic performance. Currently, students are being suspended for up to 92 days—over half of the school year—for even smelling like cannabis.

Q7. Do you support further limiting the number of days that schools can suspend students?

Yes  
No  
Prefer not to answer

Q7a. Please write any comments you might have in the box provided below.

Q8. Do you support ending the use of school resource officers (i.e., police officers permanently placed in certain schools)?

**INTRO8. Economic Justice**

**PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS**

Only seventeen percent of workers nationwide have access through their employers to paid family leave to care for and/or bond with a new child, or to care for a sick or injured family member. The availability of paid family leave has been shown to increase workers’ loyalty to employers, decrease employee turnover, and has been linked to decreased infant mortality rates and decreased reliance on public assistance. Eight states and Washington D.C. have passed laws that guarantee paid family leave to workers. In December 2019, Congress passed and President Trump signed the Federal Employee Paid Leave Act extending 12 weeks of paid parental leave to most federal employees.

Q10. **Do you support legislation to guarantee 12 weeks of paid family leave to Hawaii’s workers through the establishment of a social insurance program?**

Yes  No  Prefer not to answer

Q10a. Please write any comments you might have in the box provided below.
Hawai‘i law does not guarantee any paid, short-term sick leave to workers.

Q11. Do you support legislation to guarantee paid sick days to Hawaii’s workers?

Yes ☐ No ☐ Prefer not to answer ☐

Q11a. Please write any comments you might have in the box provided below.

Half of Hawaii’s families cannot afford to meet basic needs. A recent study found that four in ten adults do not have access to $400 at any given time, making them one emergency—or court-ordered fine—away from financial ruin. Studies have found that scaling fines based on affordability increases the likelihood that fines will be paid in full and increases revenue.

Q12. Do you support legislation that would require courts to scale fines based on an individual’s income?

Yes ☐ No ☐ Prefer not to answer ☐

INTRO11. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE TWO QUESTIONS THAT FOLLOW

State law punishes nonpayment of traffic and parking tickets by placing a “stopper” on a person’s driving or vehicle record that prevents them from renewing or obtaining a driver’s license or vehicle registration until they’ve paid the ticket in full, plus a 21% fee assessed by the state’s contracted, Texas-based collection agency. Those who cannot afford their ticket and therefore cannot renew their license may be forced to choose between driving without a valid license (a traffic crime punishable by up to a $1,000 fine or up to one year in jail) and losing their job or taking their child to the doctor. In recent years, several jurisdictions have either moved away from or completely stopped suspending licenses for nonpayment of traffic and parking tickets. In Hawai‘i, there are approximately 350,000 outstanding license and registration stoppers.

Q13. Do you support legislation that would end the use of “stoppers” for nonpayment of traffic and parking fines?

Yes ☐ No ☐ Prefer not to answer ☐

Q13a. Please write any comments you might have in the box provided below.

Q14. Would you support a traffic ticket amnesty program to ease the economic burden that traffic tickets place on the working class in Hawai‘i?

Yes ☐ No ☐ Prefer not to answer ☐

Q14a. Please write any comments you might have in the box provided below.

INTRO12. Criminal Law Reform

PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE TWO QUESTIONS THAT FOLLOW

Under Hawai‘i law, it is a felony to possess any amount of a drug that has been classified as dangerous, which is essentially every drug except cannabis. Even the possession of small amounts is punishable by up to five years in prison and a $10,000 fine.
Q15. Do you support legislation decriminalizing possession of small amounts of dangerous drugs, and reinvesting the savings in effective, community-based drug treatment?

Yes  No  Prefer not to answer

Q15a. Please write any comments you might have in the box provided below.

Q16. Do you think substance use should be treated as a matter of public health?

Yes  No  Prefer not to answer

Q16a. Please write any comments you might have in the box provided below.

INTRO13. PLEASE READ THE STATEMENT BELOW AND THEN ANSWER THE QUESTION THAT FOLLOWS

Prosecutors are possibly the most influential player in the criminal legal system, yet there is little publicly-available information about how prosecutorial decisions are made.

Q17. Do you support legislation to promote transparency in county prosecutors’ offices by requiring increased data tracking and disclosure?

Houselessness

Hawai‘i has one of the highest houselessness rates in the country. The number of unsheltered people has exploded in the past decade even though we have had low unemployment and a relatively strong economy. With COVID-19’s harm to the Hawai‘i economy, the number of people experiencing houselessness is likely to grow.

Q21. What do you believe is working and is not working about Hawaii’s approach to houselessness?

Please explain your thinking in the space below.

One idea gaining support in the legislature is Lt. Governor’s (and MD) is called the H4 approach, which stands for “Hawaii, Homeless Healthcare Hui”. H4 sounds like a good solution but in reality it is but really is only a patch, or band-aide and short term solution. It's a horrible idea. It makes it easier to be homeless. It helps institutionalize and promote homelessness, not cure it. The homeless already have access to health care through Med-quest. Doctors should not be prescribing houses either as was mentioned in other articles. They are not qualified. Correct, long-term approach: The truly mentally ill and addicted do not need public housing, they need mandated institutionalized treatment programs leading to sanity and sobriety if possible.

Q22. Do you support legislation establishing a homeless bill of rights?

Yes ☐  No ☐  Prefer not to answer ☐

Q22a. Please write any comments you might have in the box provided below.

I prefer to eliminate homelessness as much as possible instead.

Q23. How do you plan to address houselessness in Hawai‘i in the short, medium, and long term?

Please explain your thinking in the space below.
Homelessness is a very complex problem because there are many different reasons why people are homeless. There are 4 main categories: A) people (largely families) unemployed or underemployed but desiring real employment, B) Veterans dealing with drug and/or PTSD issues, C) "hardcore homeless" with mental illness, spousal abuse, drug addiction, and D) transient young people "tramping" or "Hoboing". Each requires a different solution. Class A: The big answer in Hawaii is twofold in the long term: 1) Rebuild the economy so that there are “living wage” jobs available. This means bringing in large scale, high value manufacturing jobs. 2) Make housing more affordable by eliminating or radically changing the building codes so that functional, affordable housing can be built. It may require privatizing a few hundred acres of state land for ¼ acre affordable housing lots. This covers the largest category Class A. Short term: Organize protected group tent camps with police security and registration in job search and training programs, family planning, financial planning, programs to get the off of alcohol, tobacco and other addictions that are robbing them of their money etc. Medium Term: Rapidly build monitored family group living areas with small individual living/sleeping pods surrounding shared kitchen, bathing, and childcare facilities. Rent paid according to ability to pay and contingent on continuing in counseling and training programs leading to full living wage employment. Class B), the veterans: This class has earned our respect and help by their service. This means actively identifying homeless veterans, getting them into VA programs, getting them initially into monitored group housing where they receive substance abuse treatment and lifestyle counseling to return them to a productive life if at all possible. Either way there should be 1 and only 1 pickup and transfer to one of the two options – no catch and release. Class C) Hardcore homeless. Much the same as B but with less kid gloves. The most dangerous homeless are in this group, tho many are harmless and easier to re-assimilate. Class D: Hoboes: This is going to happen here. Regulate it by building low cost public monitored youth hostels which require minimal payment with registration and participation in day labor "temp" employment agencies or a higher rent for those who can afford to be just passing through and "beach combing. Arrest for repeated substance abuse problems.

END.
